

Cell Biology Bingo

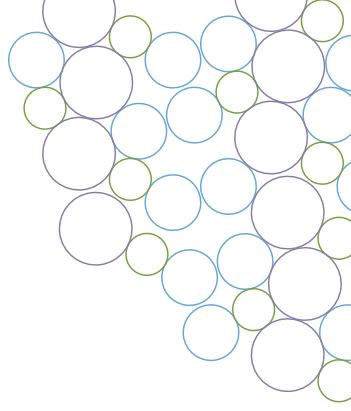

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Lysosomes	Metaphase	Telomeres	Stress granules	Mitochondria
Microtubules	Telophase	Cytokinesis	Differentiation	Transcription factor
Golgi bodies	Endoplasmic reticulum	 Free Endoplasmic reticulum	Cytosol	Interphase
Mitochondrial nucleoids	Prophase	DNA	Nuclear membrane	Anaphase
Peroxisomes	Tight junction	Histones	CRISPR-Cas9	Centrioles

Cell Biology Bingo

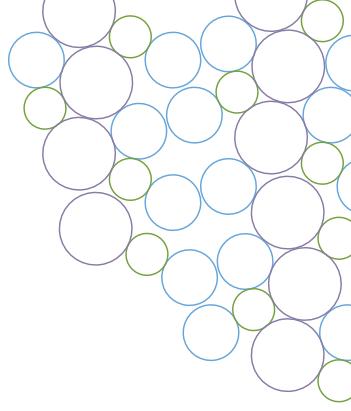

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

DNA	Tight junction	Transcription factor	Lysosomes	Centrioles
Mitochondria	Histones	Microtubules	Peroxisomes	Cytokinesis
Differentiation	Golgi bodies		CRISPR-Cas9	Stress granules
Interphase	Telomeres	Prophase	Mitochondrial nucleoids	Metaphase
Cytosol	Endoplasmic reticulum	Anaphase	Nuclear membrane	Telophase

Cell Biology Bingo

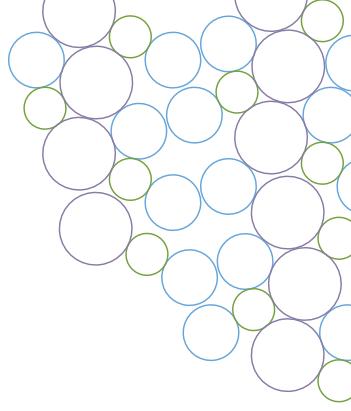

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

DNA	Mitochondria	Transcription factor	Cytosol	Differentiation
Telophase	Anaphase	Metaphase	Cytokinesis	Nuclear membrane
Prophase	Endoplasmic reticulum	 Free	Tight junction	Histones
Interphase	Lysosomes	Microtubules	Stress granules	Centrioles
Peroxisomes	Golgi bodies	CRISPR-Cas9	Mitochondrial nucleoids	Telomeres

Cell Biology Bingo

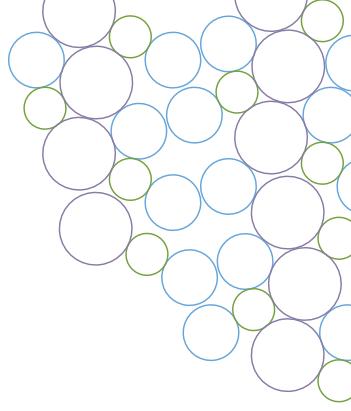

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Anaphase	Endoplasmic reticulum	Stress granules	Prophase	Lysosomes
Mitochondrial nucleoids	Mitochondria	Peroxisomes	Golgi bodies	Interphase
Metaphase	Histones	 Free	Microtubules	Centrioles
CRISPR-Cas9	Telophase	DNA	Cytokinesis	Cytosol
Telomeres	Nuclear membrane	Differentiation	Transcription factor	Tight junction

Cell Biology Bingo

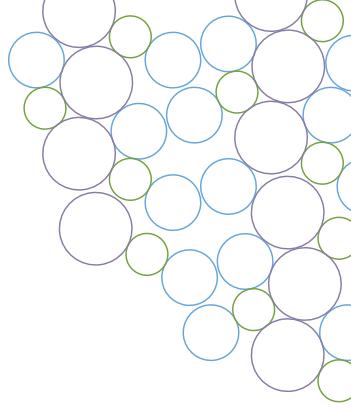

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Golgi bodies	Microtubules	Metaphase	Prophase	Anaphase
CRISPR-Cas9	Centrioles	Transcription factor	Cytokinesis	Tight junction
Telophase	Interphase		Mitochondria	Cytosol
Telomeres	Differentiation	Nuclear membrane	Stress granules	Histones
DNA	Endoplasmic reticulum	Peroxisomes	Mitochondrial nucleoids	Lysosomes

Cell Biology Bingo

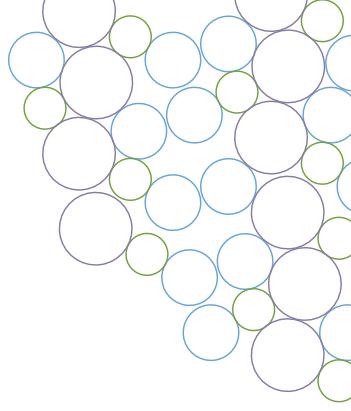

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

DNA	Anaphase	Prophase	Lysosomes	Microtubules
Nuclear membrane	Mitochondria	Endoplasmic reticulum	CRISPR-Cas9	Interphase
Tight junction	Cytosol	Free 	Golgi bodies	Telomeres
Transcription factor	Peroxisomes	Telophase	Differentiation	Metaphase
Mitochondrial nucleoids	Histones	Stress granules	Centrioles	Cytokinesis

Cell Biology Bingo

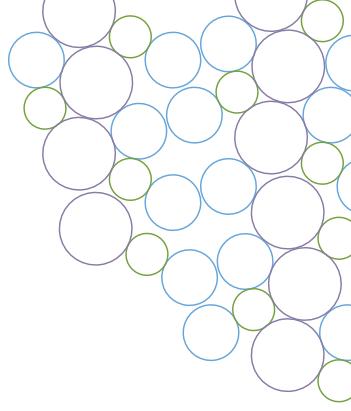

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Mitochondria	CRISPR-Cas9	Stress granules	Cytokinesis	Tight junction
DNA	Metaphase	Nuclear membrane	Endoplasmic reticulum	Golgi bodies
Peroxisomes	Lysosomes	Free 	Telomeres	Mitochondrial nucleoids
Interphase	Prophase	Anaphase	Histones	Transcription factor
Differentiation	Telophase	Cytosol	Microtubules	Centrioles

Cell Biology Bingo

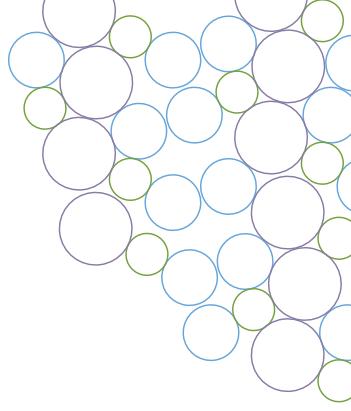

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Telophase	Peroxisomes	CRISPR-Cas9	Interphase	Telomeres
Metaphase	Prophase	Golgi bodies	Mitochondrial nucleoids	Cytokinesis
Centrioles	Mitochondria	 Free	Nuclear membrane	Transcription factor
Histones	Differentiation	Microtubules	DNA	Stress granules
Tight junction	Anaphase	Cytosol	Lysosomes	Endoplasmic reticulum

Cell Biology Bingo

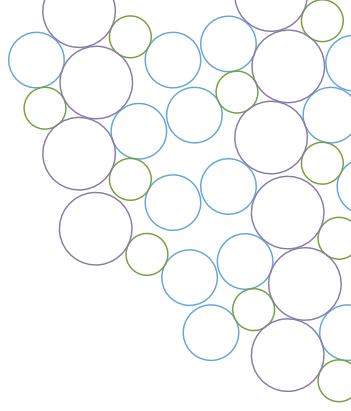

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Mitochondrial nucleoids	Transcription factor	Lysosomes	Golgi bodies	Metaphase
Microtubules	Tight junction	Telophase	Mitochondria	Telomeres
Anaphase	Prophase		Interphase	Nuclear membrane
Centrioles	Histones	DNA	Cytosol	CRISPR-Cas9
Stress granules	Peroxisomes	Cytokinesis	Differentiation	Endoplasmic reticulum

Cell Biology Bingo

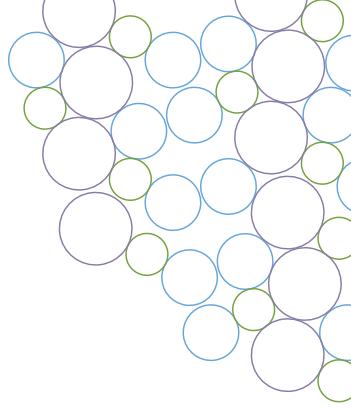

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

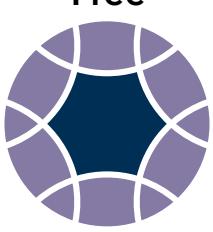

Transcription factor	Telomeres	Golgi bodies	Mitochondria	Telophase
Lysosomes	Cytosol	Mitochondrial nucleoids	Anaphase	Peroxisomes
Centrioles	DNA	Free 	Stress granules	Metaphase
Microtubules	Tight junction	Differentiation	Endoplasmic reticulum	Interphase
Histones	Nuclear membrane	CRISPR-Cas9	Cytokinesis	Prophase

Cell Biology Bingo

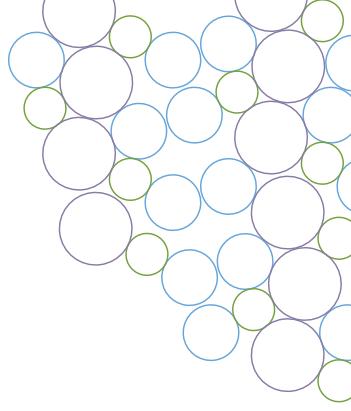

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Prophase	Histones	Peroxisomes	Stress granules	Mitochondria
Centrioles	Endoplasmic reticulum	Tight junction	Metaphase	CRISPR-Cas9
Cytokinesis	Mitochondrial nucleoids		DNA	Microtubules
Telomeres	Anaphase	Nuclear membrane	Differentiation	Transcription factor
Golgi bodies	Lysosomes	Cytosol	Interphase	Telophase

Cell Biology Bingo

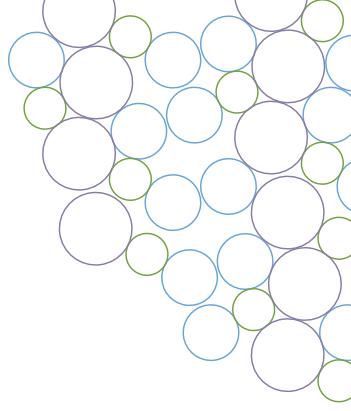

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Centrioles	Mitochondria	Stress granules	Telomeres	Cytokinesis
Endoplasmic reticulum	Histones	Peroxisomes	Metaphase	Lysosomes
Differentiation	Cytosol	 Free ribosome	Anaphase	DNA
Telophase	Microtubules	Interphase	CRISPR-Cas9	Golgi bodies
Prophase	Tight junction	Nuclear membrane	Transcription factor	Mitochondrial nucleoids

Cell Biology Bingo

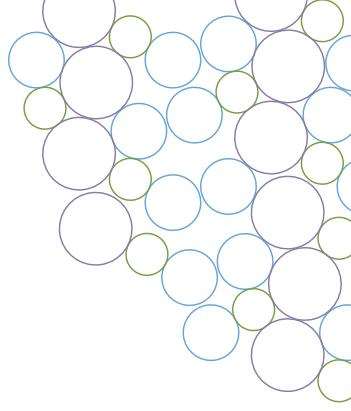

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Mitochondrial nucleoids	CRISPR-Cas9	Cytosol	Centrioles	Microtubules
Stress granules	Endoplasmic reticulum	Cytokinesis	Nuclear membrane	Lysosomes
Differentiation	Peroxisomes		Golgi bodies	Tight junction
Anaphase	Interphase	Prophase	Histones	Mitochondria
Telophase	DNA	Telomeres	Transcription factor	Metaphase

Cell Biology Bingo

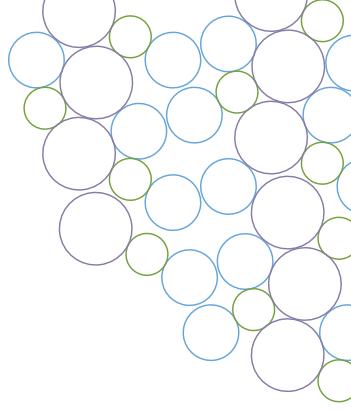

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Microtubules	CRISPR-Cas9	Transcription factor	Centrioles	Endoplasmic reticulum
Mitochondrial nucleoids	Tight junction	Nuclear membrane	Cytokinesis	Histones
Telophase	Peroxisomes	Free 	Telomeres	Cytosol
Prophase	DNA	Anaphase	Lysosomes	Mitochondria
Differentiation	Stress granules	Metaphase	Interphase	Golgi bodies

Cell Biology Bingo

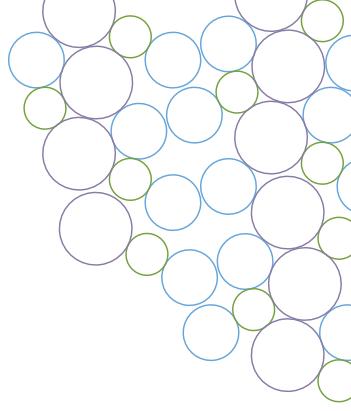

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Centrioles	Peroxisomes	Telophase	Transcription factors	Metaphase
Interphase	Nuclear membrane	Histones	Lysosomes	CRISPR-Cas9
Mitochondrial nucleoids	DNA	 Free	Telomeres	Cytosol
Anaphase	Stress granules	Microtubules	Mitochondria	Cytokinesis
Golgi bodies	Tight junction	Prophase	Differentiation	Endoplasmic reticulum

Cell Biology Bingo

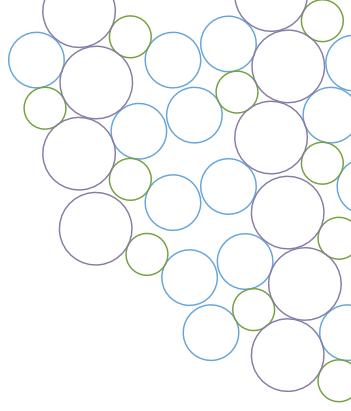

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Prophase	Mitochondria	Golgi bodies	Interphase	DNA
Differentiation	Microtubules	Nuclear membrane	Stress granules	Metaphase
Cytosol	Histones		Mitochondrial nucleoids	Tight junction
Telophase	Cytokinesis	Lysosomes	Anaphase	Telomeres
Endoplasmic reticulum	Transcription factor	CRISPR-Cas9	Peroxisomes	Centrioles

Cell Biology Bingo

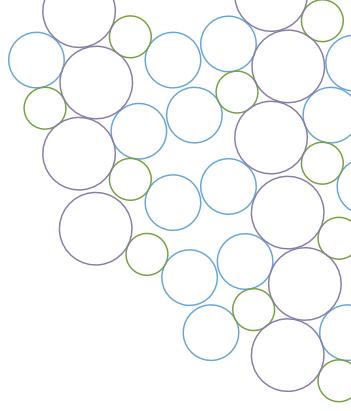

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Endoplasmic reticulum	Prophase	Histones	Tight junction	Metaphase
Golgi bodies	DNA	Anaphase	Mitochondrial nucleoids	Lysosomes
Peroxisomes	Microtubules	 Free	CRISPR-Cas9	Transcription factor
Centrioles	Stress granules	Mitochondria	Telomeres	Cytosol
Telophase	Nuclear membrane	Differentiation	Cytokinesis	Interphase

Cell Biology Bingo

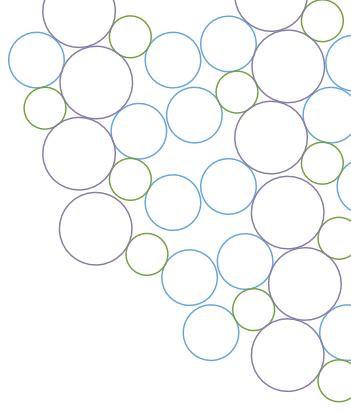

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Interphase	Telomeres	Transcription factor	Endoplasmic reticulum	Golgi bodies
Histones	Anaphase	Centrioles	Cytokinesis	Mitochondrial nucleoids
Prophase	CRISPR-Cas9		Peroxisomes	Metaphase
Nuclear membrane	Lysosomes	Cytosol	DNA	Telophase
Mitochondria	Tight junction	Stress granules	Microtubules	Differentiation

Cell Biology Bingo

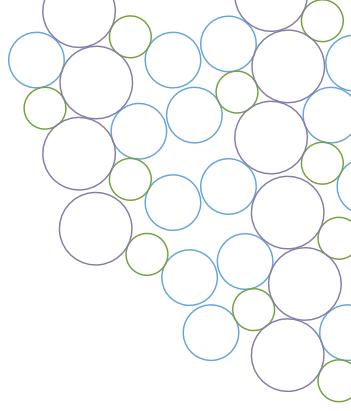

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Anaphase	Histones	Cytokinesis	Stress granules	Interphase
Nuclear membrane	Tight junction	Telophase	Peroxisomes	Telomeres
Differentiation	Cytosol		DNA	Centrioles
Prophase	Microtubules	Golgi bodies	Transcription factor	Metaphase
Mitochondria	Lysosomes	Mitochondrial nucleoids	Endoplasmic reticulum	CRISPR-Cas9

Cell Biology Bingo

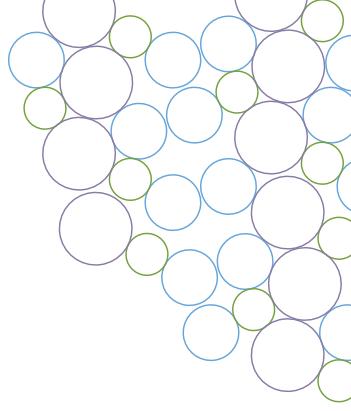

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Nuclear membrane	Histones	Anaphase	CRISPR-Cas9	Cytosol
Cytokinesis	Telophase	Transcription factor	Lysosomes	Metaphase
Differentiation	Golgi bodies	Free 	Centrioles	Telomeres
Mitochondria	DNA	Tight junction	Interphase	Prophase
Peroxisomes	Mitochondrial nucleoids	Endoplasmic reticulum	Microtubules	Stress granules

Cell Biology Bingo

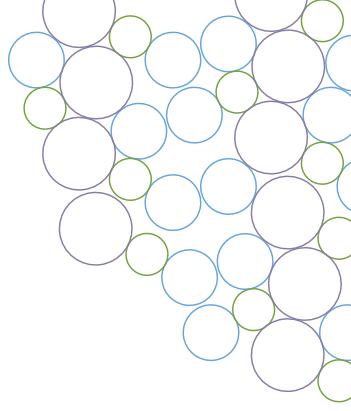

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Interphase	Differentiation	Nuclear membrane	Mitochondrial nucleoids	Tight junction
CRISPR-Cas9	Cytokinesis	Telomeres	Transcription factor	Prophase
Histones	Golgi bodies		Peroxisomes	Stress granules
Centrioles	DNA	Cytosol	Lysosomes	Telophase
Mitochondria	Endoplasmic reticulum	Microtubules	Anaphase	Metaphase

Cell Biology Bingo

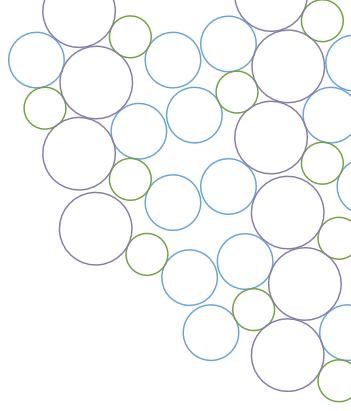

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Cytosol	Stress granules	Cytokinesis	Mitochondrial nucleoids	Telomeres
Tight junction	Prophase	Metaphase	Peroxisomes	Endoplasmic reticulum
Transcription factor	CRISPR-Cas9	Free 	Centrioles	Telophase
DNA	Histones	Mitochondria	Anaphase	Lysosomes
Differentiation	Nuclear membrane	Microtubules	Interphase	Golgi bodies

Cell Biology Bingo

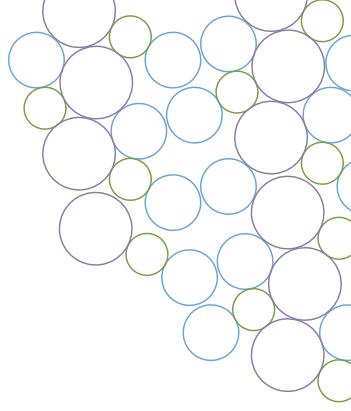

Identify the cell structures and functions to make bingo!
Learn more about the human cell at allencell.org/visual-guide-to-human-cells.

Microtubules	CRISPR-Cas9	Mitochondria	Tight junction	Histones
Centrioles	Peroxisomes	Telophase	Transcription factor	Prophase
Anaphase	Nuclear membrane		Telomeres	Golgi bodies
Interphase	DNA	Mitochondrial nucleoids	Differentiation	Metaphase
Cytokinesis	Cytosol	Stress granules	Endoplasmic reticulum	Lysosomes

Cell Biology Bingo

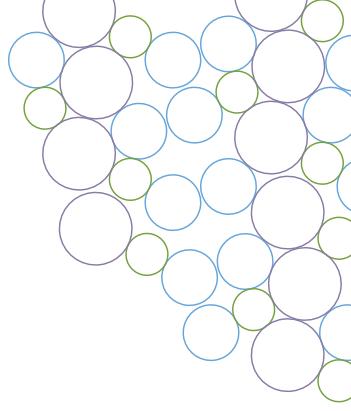

Identify the cell structures and functions to make bingo!
